

AYASYA DIGITAL SOLUTION

Information Security Policy

AYASYA DIGITAL SOLUTION is committed to implement and maintain Information Security at all levels and in all its business processes pertaining to following functions:

- IT & Software Development
- Supply Chain
- Quality Assurance
- Finance & Accounting
- Human Resource
- Legal

It is committed to:

- Provide confidence to all its customers/ clients regarding safety and security of their respective information entrusted to Ayasya Digital Solution
- ensure awareness regarding the needs of information security amongst its employees and relevant vendors, suppliers, and business partners
- adhere to relevant legal, regulatory, statutory and contractual requirements

This will be achieved through:

- Implementing and maintaining the Information Management System (ISMS) as per guidelines of ISO 27001:2022
- Thriving for continual improvement of effectiveness of its Information Security Management System
- Ensuring that its Policies and Procedure Manuals reflect what is actually done
- Periodic review of its ISMS

Top Management is responsible for communicating the Information Security Policy to all stakeholders and interested parties.

Date: 10-April-2025
